Newcastle University – Hadrian Building, Lindisfarne Room

Newcastle University

University of Sunderland

Durham University

Northumbria University NEWCASTLE

The aim of this event is to continue to meet as a regional HEI network focussed on elevating the student voice of those from underrepresented groups. In doing so we will:

- Share best practice with establishing and maintaining student voice initiatives;
- Highlight the impact of embedding student voice in all areas of practice;
- Identify barriers and benefits to engaging students;
- Encourage networking between HEIs.

Informed by our respective Access and Participation Plans (APP), we will share how we embed student voice in informing our approach and in the delivery of our APP objectives. We will hear from student representatives how they have shaped and co-created our approaches to access, success and progression at our Institutions
